This unique KNIGHT TK2000 Advantage Timber Straight Stock Muzzleloading Shotgun is the most advanced black powder shotgun on the market. The TK2000 features an exclusive extra-full choke & a beautiful Advantage Timber camo pattern. Designed for 40 yards & beyond, KNIGHT's patented Jug-Choke design allows the shot to expand into the chamber, controls the shot, then directs it into the choke tube for unequalled pattern concentration resulting in 85% shot density in a 30" circle at 40 yards!

If you're looking for the ultimate turkey-hunting machine, look no further as this KNIGHT muzzleloading shotgun is an absolute cannon! This collector's Muzzleloader Shotgun celebrates NWTF's 30-Year Anniversary (1973-2003) with an insignia inlaid in the stock.
