Stuart Ranch Outfitters has generously donated a late season (December) doe and hog hunt for two hunters for two days. Located on 33,000 acres, the Waurika Division of Stuart Ranch Outfitters offers hunts for wild turkey, wild hog, waterfowl, and trophy whitetail deer along the historic Chisholm Trail. Hunters stay in a beautiful two-story log cabin with room for 8-10 hunters. The kitchen is fully accoutered with appliances and a refrigerator to facilitate hunters preparing their own meals. The great room features a fully functioning fireplace and the cabin contains four bedrooms with two bathrooms.

This hunt is perfect for a parent and child or mentor/mentee experience. Up to four additional hunters can be added at the regular price of \$450 per day, per person. Guides transport hunters to sturdy, well-positioned blinds each morning before daylight and return them to the lodge for midday meals and relaxation opportunities. The evening hunt follows until dusk.

Owned and operated by the same family for six generations, the Stuart Ranch is the winner of multiple awards for production of quarter horses and cattle.
